OHR COLLABORATION TEAMS QUICK REFERENCE GUIDE

What is a Collaboration Team?

A Collaboration Team brings together Office of Human Resources (OHR) staff members with expertise in each of these functional areas: **Benefits, Compensation Administration, Payroll, Talent Acquisition, and Workforce Relations.**

The members of your Collaboration Team share the same portfolio of UW–Madison schools, colleges, and divisions. They meet regularly to share information and collaborate, bringing their knowledge and diverse perspectives to challenges our campus business partners face. The Collaboration Teams will work with you to address the ever-changing demands on campus HR professionals and develop proactive strategies.

Your Collaboration Team interacts regularly with other OHR staff and will engage additional OHR subject matter experts (SMEs) when needed.

NOTE: This chart pertains to inquiries at the divisional level. If you are in a departmental HR role, continue to work with your divisional HR contact or OHR payroll and benefits contacts as usual.
